

## **Surrender Me**

Take me  
way beyond  
all my limits  
like you to.

You know just how  
to tie my ropes.  
You know just how  
to make me loosen up to you.

So I surrender, pull me down.  
I surrender, all I am.

Corus:  
Show me my own weakness x 4  
Pull me down, down , down. X2

Vers2:  
There's beauty  
In these made-up rules.  
As I blindly  
trust in you.

You know just how  
To make me embrace the pain.  
You know just how  
to make me come back again.

Corus:

Show me my own weakness x 4

Pull me down, down , down. X2

Bridge:

I wanted to learn how to kneel and obey.

But you gave me courage to stand unafraid.

Corus:

Show me my own weakness x 4

Pull me down, down , down.

Show me my own weakness

so I can find my strength.
