

Higher Lyrics
Malene Markussen

Vers:

I try to feel alive as I'm falling
N' I try to feel the night, it's hard to breathe in.

I wanna climb up higher.
Away from the ground a bit higher each time
I wanna lose my tension
so I'm closing my eyes.

Chorus:

Higher and Higher
I am falling, falling so I climb
Higher and higher.
Now I'm falling.

Vers2:

The wind blows the dust it flies around me
N' I hear the whispering deep inside me

As I move up higher
Away from the ground to the rooftop in time
Before I lose my tension as I'm closing my eyes.

Chorus:

Higher and Higher
I am falling, falling so I climb
Higher and higher.
Now I'm falling.

Bridge:

I'm letting go of the grip
So I can make myself slip
and fall to the ground

I'm letting go of the grip
So I can make myself slip
And fall

Go higher
Higher and higher.

Chorus:

Higher and Higher

I am falling, falling so I climb
Higher and higher.
Now I'm falling.
